

# SCORE

Over its seven seasons, the Beantown Softball League (BSL) has grown considerably; more members, better organization, higher level of play. In this eighth season, there is a new element to the BSL, S.C.O.R.E. (Softball for Competition or Recreational Enjoyment.)

Planned as a complement to regular league play, SCORE is an attempt to provide instruction and playing time for those league members who seek it; in particular, bench players. Also, it is expected that SCORE will be a halfway stop to the league for the gay community - we look forward to community members coming out with us to have a good time and learn about the league.

EVERYONE is welcome to participate. SCORE will meet every Sunday at 12:30.

Each week, those people who show-up will decide how they wish to use the time-slot: batting practice, pick-up games, recreation games, and

The planning committee for SCORE hopes a few of the BSL's better players will volunteer their time each week to share their knowledge of the game.

Sports, leisure sports included, can be intimidating. The rising caliber and intensity of play in the BSL discourages the participation of some gay community members. WE hope SCORE will make softball relaxed and enjoyable.
